PROFILE

Dynamic and innovative software developer with over a year of hands-on experience in diverse programming languages including Python, Java, and C. Proficient in both front-end and back-end development, leveraging skills in HTML, CSS, and JavaScript to create responsive and user-friendly interfaces. Experienced in managing and configuring virtual environments using Windows Server and Linux, demonstrating a strong understanding of system architecture and deployment.

Passionate about learning and adapting to new technologies, I have developed a keen interest in the Apple ecosystem, gaining familiarity with Swift and Xcode. My approach combines meticulous attention to detail with a creative mindset, aiming to deliver efficient and scalable solutions. Adept at working both independently and as part of a team, I am eager to contribute to innovative projects and further expand my technical expertise. Currently seeking an internship opportunity to apply my skills and knowledge in a real-world setting, while continuing to learn and grow in the software development field.

TECHNICAL SKILLS

- Programming Languages: Proficient in Python, knowledgeable in Java, C, HTML, CSS, and JavaScript
- Development: Experienced in both front-end and back-end development, familiar with Node.js and MongoDB.
- Operating Systems: Experienced in MacOs, Linux and Windows Server administration and scripting.
- Virtual Environments: Proficient in creating and managing virtual environments using tools like VMware and VirtualBox.
- Version Control: Experienced in GitHub for source code management

SOFT SKILLS

- Analytical Thinking: Adept at problem-solving and troubleshooting technical issues.
- Communication: Effective at translating technical details into easy-to- understand concepts for non-technical audiences.
- Teamwork: Collaborative team player with experience working in diverse group settings.
- Continuous Learning: Committed to staying current with the latest technology trends and best practices

EDUCATION

Instituto Tecnológico De Estudios Superiores De Occidente (ITESO)

Tlaquepaque, Jalisco

Computer Systems Engineering

2020 - Expected Graduation 2025
